

## **Planning for the district's future**

A new planning framework for the district is being prepared – the Local Development Framework (LDF) by Chichester District Council. It will shape the way we live in the district over the next ten to twenty years.

Chichester District Council will be consulting on a Core Strategy Options For Growth Document as part of the Local Development Framework between 4th January and 1<sup>st</sup> February 2010. The Core Strategy will replace the Local Plan and will set out the framework for development across the District up to 2026. Once the Options For Growth document has been approved by Council on 15<sup>th</sup> December you can visit our website to be part of this consultation.

This will be your opportunity to influence where future developments across the Chichester District will be located and how these should be supported by infrastructure.

For information relating to the Local Development Framework please visit the following website – [www.chichester.gov.uk](http://www.chichester.gov.uk) and follow the link to Environment & Planning, then Local Development Framework.
